

Pops has been teaching for the last 35 years; oil painting, basic and advanced drawing, life drawing, and wood carving. From College of the Mainland in Texas City, TX, to Schreiner University in Kerrville to his studios in Clear Lake to Bryan/College Station and now Somerville he loves sharing his passion for the fine arts.

Lloyd focuses full time to his art in studio in his home just outside of Clifton, TX. He is a member of the International Guild of Realism and a Signature member of the Artists of the American Plains. He also participates in juried and invitational shows across the United States.

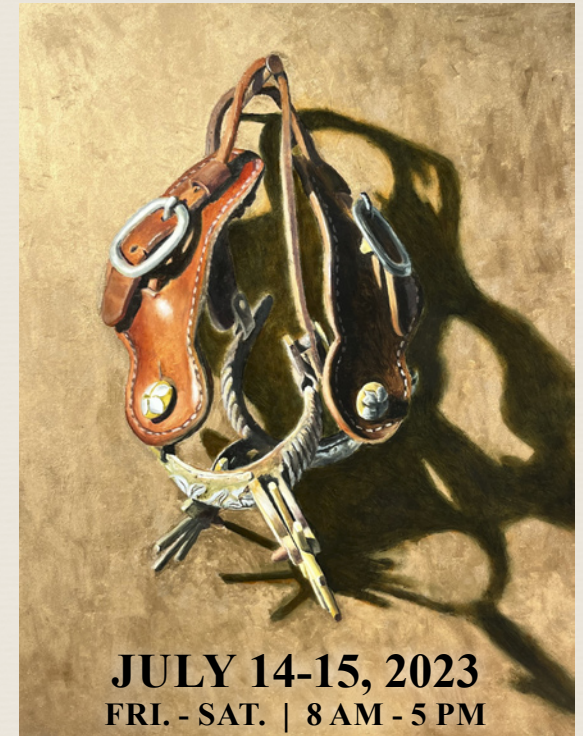

You will be given comprehensive instruction in oils, color theory, design, and the basics of preparatory drawing to get the best workable image onto your canvas. Then you will be shown how to finish a work, which includes the art of having it framed correctly.

## Q&A

Can I take this class if I have never painted before? **Yes, Absolutely.**

Can I take this class if I have painted extensively? **Yes, Absolutely.**

This class is designed to meet the individual needs of each student regardless of their level of understanding and experience.

I want to paint; do I have to be able to draw? **Yes, and No.**

Great drawing skills help one to become a great painter. Just like an athlete, endurance, coordination, and strength help one compete in sports. However, they're a lot of folks that enjoy a lot of sports but are not professionals. The same is true in the art world. The more skills one develops the more one can attempt and the greater the results.

How long is the workshop? **The Friday and Saturday classes run from 8:00AM to 5:00PM with an hour break for lunch.**

What is the cost of the workshop? **The cost of the workshop is \$350.00**
