

MATERIALS LIST

BRENDA MURPHY WORKSHOP: CREATING PENCIL PAINTINGS

Graphite Pencils ranging from 2H to 9B. Mechanical or wood-cased (no water-based or oil-based graphite, please). I prefer Cretacolor's Cleo pencils for softer leads and Faber Castell for harder leads.

Battery-operated eraser (I highly recommend the Aformat rechargeable battery-operated eraser)

Battery-operated pencil sharpener (I recommend Aformat rechargeable battery-operated)

1 kneaded eraser

white block eraser such as Sanford Magic Rub

1 or 2 Tortillions or blending stumps

A smooth surface drawing board appx 14" x 18." (This can be as simple as a piece of Masonite board, or a small magnet board works great also.) I prefer to sit while drawing. I use a table top easel to support my drawing board.

A basic drawing on paper and photo reference will be provided.
