Bruce Greene Presents Art Talk

The BAC Art Council is pleased to have Bruce Greene present the February art talk for Art Patrons. Greene, fresh off winning the Anne Marion Best of Show award at the recent Cowboy Artists of America Sale and Exhibition in Ft. Worth, will also serve as judge for the 2020 Bosque Art Classic. The long-time Bosque County resident has been a member of the Cowboy Artists of America since 1993. His life-size sculptures grace the grounds of Baylor, Globe Life Park, and the Alamo, as well as here in Clifton. Greene will give Art Patrons a glimpse into the sculpting process at their art talk on February 15, 2020.

Atrium Gallery January Feature Artist
Lloyd Voges

The BAC welcomes Lloyd Voges as the featured artist for January's display in the Atrium Gallery. A frequently accepted artist in the Bosque Art Classic, Voges has been invited into membership in the Western Artists of America and the International Guild of Realism. He is an emeritus member of Western Artists Roundup.

Lloyd credits being raised in a family dedicated to preserving the farm and ranch lifestyle with giving him the background to create western art on a "personal, day-to-day level." He and wife Teresa, residents of Clifton for several years now, enjoy working their own livestock as well as visiting other ranches and historic towns for more artistic inspiration. [Lloyd and his artwork at a recent Bosque Art Classic]

Art Club

FUN with paint and paper! Beth Hatcher (pictured) will give a creative demo at our Art Club meeting on January 7. Bring either watercolor or acrylic paint.

The Art Club's Christmas party was a success -featuring ham, salads, and yummy desserts. Gifts of candy and a fancy pocket knife were 'stolen' several times

in the Chinese Christmas activity. Come join us for a creative and wonderful time! -LLJ

Lighting Fundraiser

Members and friends of BAC, we are asking for your support and help in raising \$10,000 to replace the control board for the lighting for the TBT stage.

The lights have been gradually upgraded over the last few years but we now face the issue of essentially trying to run the lights with an antique control board. Consider driving a new car but using the engine and braking of a Model T. It can be done but it's difficult--and why would you?

We all enjoy the performances of TBT as well as the Troubadour concert series on that stage. Many of the other groups under the BAC umbrella use the stage and lighting at one time or another throughout the year as well. That stage and lighting have served us well but as with all equipment you eventually find that it must be upgraded or replaced. Consider the cell phone and how it has been upgraded. Who would have thought that even 5 years ago that you would be able to 'face time' your loved ones. Heck, who actually thought that you'd be able to text over a phone! Wasn't that just the cat's meow when that came along and now to see the person too? Wowser!

Now, this is Mr. Peepers. He will be helping us report our progress on the fund raising. He is a little shy but you'll see him around the building from time to time. He might give the amount raised to date or he might pose a question for thought. We will have a fundraiser thermometer on display too.

Help us to improve and enhance your enjoyment of the theater stage lighting by donating to this worthy cause. -LP

Bosque Civic Music Association

All members of BCMA are cordially invited to attend a celebration of the success of BCMA on Saturday, January 4, at 6 p.m. at the BAC. Music will be provided by Steve Watson and Don Thoede. Wine and appetizers will be served. The evening of outstanding music and refreshments will provide an opportunity for those who support music to share experiences and ideas for the continued growth of the arts. Come to reunite with friends of long standing and meet new friends with common interests. Music lovers mark your calendar: Saturday, January 4, 2020, 6:00pm at the BAC. What a wonderful way to start 2020. -DJ

Creating Pencil Paintings Workshop with Brenda Murphy

Are you ready to take pencil and graphite drawing to the next level? Brenda Murphy, known for her

highly realistic and sensitively rendered "pencil paintings," will be conducting a two-day workshop on February 8-9. The focus will be the techniques she uses to create realistic finished drawings. Brenda will conduct a demo and discuss composition, light, edges, value, and the importance of good contrast in graphite drawings. Students will be supplied photo reference and a variety of started drawings to choose from, which they will then work on directly. There will be lots of emphasis on textures, layering, and how to achieve depth with graphite. There will be less emphasis on the drawing process and more emphasis on technique.

Cost is \$200. More details on the BAC website or at the BAC.
